Officers Are Sustained and Reports of Work Accomplished Received.

The seventeenth annual conference of the Young Men's and Young Ladies Mutual Improvement associations of the Mormon church came to a close with last night's meeting at the tabernacie. Three meetings were held yesterday, the final day, the first at 10 a. m. and the others at 2 and 7:30 p. m. Each of the meetings was held in the tabernacle, the immense auditorium being crowded almost to capacity each time.

The morning meeting was a conjoint meeting of the officers of the asso ciations. The programme was especial ly notable for the number of excellent musical selections, these being ren dered by the Jordan stake choruses Miss Margaret Summerhays and Mel vin Peterson, Miss Edna Evans and Mrs. Bessie Browning. Addresses were made by Edward H. Anderson, Clarissa A. Beesley, Dr. George H. Brimhall, Junius F. Wells and David Smith of l'eton stake.

Primary Meeting.

As the same hour a meeting of the Primary association was held in the Bishop's building. The music features of the programme were solos by Master Joseph F. Smith and Mrs. Emma Ramsey Morris, and congregational singing

The afternoon meeting was one of the most largely attended of the conference. The tabernacle choir was present in full force and the meeting was presided over by President Joseph F. Smith, arsisted by Counselors, C. W. Penrose and Anthon H. Lund. The music features of the programme were by the choir, and Miss Rose Smithen, Carl Samuelson and Miss Rose of the afternoon were made by Joseph F. Smith and B. H. Roberts. President Roberts spoke in place of B. S. Hinckley, who was 1, have addressed the meeting on "Physical Development." He spoke in an impromptu way on the subject as

"Physical Development." He spoke in an impromptu way on the subject assigned to Mr. Hinckley, referring to the sacredness of the human body and the necessity for treating it as something holy and to be preserved and developed according. The keynote of his address was in his statement that "the body of man, no less than the spirit, is to become holy and immortal, and we would urge the officers of the association to regard the work of physical development as an essential part of our development and just as important as the spiritual and mortal."

Lesson From History.

Mrs. Ruth May Fox, president of the Young Ladies' Mutual Improvement as-sociation, spoke on the subject of "In-tellectual Development," and referred tellectual Development, to the work along this line being done by the association. She dwelt on the importance of such development along the line and cited as examples of rigt lines and cited as examples misdirected and correctly directed tellectual power, two great men of hisory-Napoleon Bonaparte and Wash-

Edith Hunter of the Primary association spoke on "Spiritual Develop-ment." She said that spiritual training should begin with the birth of the child, that during its earliest months of life, should be surrounded by influ-ences that tend to assist the spiritual onces that tend to assist the spiritual development.

In his address President Joseph F.

Smith referred to many personal ex-periences during the early days of the church and told of the privations and struggles of the pioneers in the journey westward. He said in part:

Evidence of Power.

"I had the bonor, in childhood, of seeing and knowing the prophet, Joseph Smith, and recall many incidents con-nected with his life. I remember seeing him on the stand preaching the gos-pel during a rainstorm, and while he talked the attention of the Latter-day

saints assembled was so rapt that they paid no heed to the rain."

He told of incidents connected with the days at Nauvoo previous to and following the departure of Bricham Young and the first band of pioneers, and graphically pictured. graphically pictured the sufferings of those remaining behind. Later in his address he spoke of his mission in

Grant Conducts Services.

Chief of Police B. F. Gran had charge of the services, which began shortly after 2 o'clock and were opened with the singing of "Savior Comfort Me." by Poll's male quartette, after which Frank Y. Taylor made the opening prayer. The quartette then sang "Restful Night," and John M. Knight was the first speaker. "I have known Henry Potter since he was a boy," said Mr. Knight. "He was a man in every way. I do not know that he made any pretense at being religious, but I do know that he was true to himself, his mother, his sister, his friends and his God. Whatever he did he did well. He was always clean, upright and manly. When a mere boy he went to Europe and I know was in many trying positions. He came through it all, however, clean, and I believe this was largely on account of his early training, his deep love for his mother and sister and profound faith in his Maker."

COMMISSIONERS TO GO BEFORE JUDGE

Contempt Case Resulting From License Problem Hearing Today.

The city commissioners will appear before Judge C. W. Morse in the Third district court at 10 o'clock this morning to show cause why they should not be punished for contempt of court in refusing to issue a retail iliquor license to the Intermountain Liquor company for the operation of a sulcon at 48 East First South street. W. J. Barrette, formerly corporation counsel, will represent the commissioners, and McCrea & Rogers will act for those on whose application the contempt citation was issued.

The case is the outgrowth of the determination on the part of the courts sloners to find out through the courts the extent of their authority in the control of the liquor traffic in the city, and it is expected that no matter what may be the outcome of the case this morning, the question will be taken into the supreme court.

Order Is Signed.

Order Is Signed.

When the commissioners a short time ago refused to authorize the city recorder to issue the license in question, after it had been granted by Judge Morse, application was made to the court to have the commission cited for contempt. The court signed the order, and when the case was called some ten days ago it was continued until this morning.

In the meantime an effort was made by Attorneys McCrea and Rogers to have the supreme court hear an application for a writ of mandate, but the supreme judges refused to assume jurisdiction in the question, Justice J. E. Frick announcing that when the question was disposed of in regular order in the district court it could be brought into the supreme court.

In the meantime, so sure are the com-

trict court it could be brought into the supreme court.

In the meantime, so sure are the commissioners of an ultimate victory, that preparations are being made for the passage of a stringent liquor ordinance which will put a limit on the number of seloons in the city.

Outcome Awaited.

The retail dealers, too, are interested in the outcome, owing to the fact that nearly 50 per cent of the retail licenses expire with this month and new applications will have to be made to the district court. Among the recent applications made for a license was one for a saloon in the basement of the Rex theater building, to which, it is understood, the commission has authorized the city legal department to make a strong protest, regardless of the fact that five adjacent property owners have signed the applicant's petition.

Will Be Buried Here.

The funeral of Mrs. Elizabeth Treseder, formerly of Salt Lake, who died in Los Angeles last Friday and whose body arrived here yesterday afternoon, will be held this afternoon at 2 o'clock from the S. D. Evans mortuary chapel. Interment will be in the City cemetery.

CAUSE OF SUBMARINE DISASTER UNKNOWN

CHERBOURG. June 2.—As a further investigation only confirmed the impossibility of recovering the bodies of the crew of the submarine Vendemizire, which sank off the Cherbourg peninsula yesterday, the minister of marine, M. Delcasse, visited the scene of the disaster aboard the armored cruiser Giolre today to pay homage to the dead.

At the spot where the submarine disappeared, the warship was stopped and the minister of marine, standing on the bridge surrounded by admirals, bared his head and made a brief address. The marine guard presented arms, the band played the "Marsellaise," and the guns I

The exact cause of the disaster can never be known. The second officer in command of the battleship Saint Louis, who was on the bridge at the time, declares that the Vendemiaire's periscope shot up so close to the battleship that there was no time either to reverse the engines or to put over the helm. He saw the ram cut the submarine in two and did not doubt that all on board perished instantly.
